

Track how much electricity is being used on appliances in your home within the week by using our handy Energy Tracker.

Simply note how many hours each appliance is used per day during a calendar week, then at the end of the week total the number of hours.

Submit your completed energy tracker to our office for further information on how you can save energy within your household.

	Appliances	Day 1	Day 2	Day 3	Day 4	Day 5	Day 6	Day 7	Total
